

May Kinder News

WOW! It is May already and there are only two months left! Can you believe that?!

The children had fun learning about Easter, New Life, and Spring. In May, we will continue to look for signs of spring and share in God's plan for life on Earth by exploring the life cycle and growth of some of God's creations.

Along with learning the skills to decode words when reading, we will continue to identify basic sight words. These words are not easily decodable in kindergarten and must be learned "by heart". When reading to your child, or when your child is reading to you, please try to identify some of these words: **the, of, and, a, to, in, is, you, that, it.**

SAVE THE DATE

Kindergarten Family Day

SAVE THE DATE! - Thursday, May 25
9:30-11:16 am

All parents are invited to spend the morning with their child playing games and finishing with a picnic. If you cannot attend, please have grandparent(s), special family member(s), or friend attend in your place. *This will be a special day for you to spend with your kindergarten child so please make arrangements to attend without siblings.* More information will be sent home closer to the date.

Kindergarten Celebration

June 23rd is our last day of Kindergarten. We will be having a celebration for our wonderful Kindergarten Students to celebrate the completion of their first year as NMR Eagles. This will be held from 9:30-10:30 in the gym.
